Warranty Clause

The warranty commences to operate on receipt of the distribution products, provided they bear the necessary markings, marking as a result of faulty installation or maintenance. Warranty is valid for 24 months from the date of manufacturing for MCB, RCCB and ELCB. For distribution boards and other accessories, the warranty period is 18 months, subject to the manufacturer's standard of workmanship. The warranty is MRP based and not the invoice price. The warranty is void if the products are used for any purpose other than that intended for their use. The warranty is void if the products are used for any purpose other than that intended for their use. The warranty is void if the products are used for any purpose other than that intended for their use. The warranty is void if the products are used for any purpose other than that intended for their use.
